PROFESSIONAL SUMMARY

Data Analyst with experience cleaning, validating, and reporting on large supplier and financial datasets for enterprise clients across healthcare, banking, manufacturing, and retail. Improved reporting accuracy to 90%+ across 100+ client programs using SQL, eScrub, and Power BI. Comfortable working across SQL, Python, and Power BI to find data quality issues, fix them, and turn the result into dashboards and KPI reports people actually use.

SKILLS

SQL & Querying: SQL (joins, CTEs, window functions, query optimization), MySQL, PostgreSQL, Oracle SQL

Python: Pandas, NumPy, Matplotlib, Seaborn, scikit-learn

BI & Reporting: Power BI (DAX, data modeling), Excel (Power Query, PivotTables, XLOOKUP), dashboard development, KPI Reporting

Statistics & Model Evaluation: Hypothesis testing fundamentals, model evaluation (ROC-AUC, RMSE, confusion matrix)

ETL & Data Quality: Informatica PowerCenter, data cleaning, validation, reconciliation, discrepancy resolution

Cloud (basic): Azure, AWS

EXPERIENCE

Data Analyst

Jun 2025 – Present

VIVA USA Inc. — Supplier Diversity Management

- Improved supplier reporting accuracy to 90%+ across 100+ enterprise client programs by validating and cleansing supplier classification and certification data using eScrub and SQL.
- Reduced reporting discrepancies across multiple client programs by auditing company names, addresses, state codes, and supplier mappings using SQL-based validation queries.
- Maintained certification compliance for MBE, WBE, and SBE suppliers across US regions by reviewing and correcting expired or duplicate records in eScrub.
- Resolved recurring data validation exceptions across 100+ client programs by partnering with internal teams to standardize override and correction workflows.
- Delivered audit-ready supplier datasets for compliance and procurement reporting by running reconciliation checks across enterprise client databases.

Tools: SQL, Excel, Power BI, eScrub, Data Validation, Compliance Reporting

Data Analytics Intern

Feb 2025 – May 2025

Infrasoft Technologies (Kiya.ai), Chennai

- Increased visibility into training and operational performance by building Power BI dashboards tracking KPIs across an AI-driven decision-making project.
- Identified data trends supporting business reporting by cleaning and transforming operational datasets using Python, SQL, and Excel.
- Surfaced improvement opportunities from employee feedback by applying NLP-based text analysis to qualitative survey data.
- Strengthened management visibility into process efficiency by creating visual reports summarizing training effectiveness and operational KPIs.

Tools: Python, Power BI, Excel, SQL, NLP, Data Cleaning

Junior Executive / Analyst (Data & Reporting)

Aug 2022 – Apr 2023

Shriram Finance Ltd.

- Enabled monthly performance monitoring for client reporting by building and maintaining Power BI dashboards using SQL and Informatica data extracts.

- Supported credit risk and financial decision-making by preparing performance reports from large datasets transformed using SQL and Informatica.
- Improved reporting data quality by identifying and correcting anomalies in financial datasets using Python and Excel.
- Reduced manual reporting effort by streamlining recurring report workflows in collaboration with finance and reporting teams.

Tools: Power BI, SQL, Python, Informatica, Excel

PROJECTS

Credit Score & Risk Management — *github.com/dilipraj05/Credit-Score-Risk-Management*

- Built a credit default risk model on real financial data, reaching 80%+ ROC-AUC, with visualizations in Matplotlib.

Apple Stock Price Prediction — *github.com/dilipraj05/Apple-Stock-Price-Prediction*

- Built a Linear Regression model on 5 years of Yahoo Finance data to forecast closing prices; evaluated with RMSE and R².

Fake News Detection — *github.com/dilipraj05/Fake-News-Detection*

- Built a TF-IDF text classification model to flag fake news articles, reaching 95%+ accuracy.

EDUCATION

MBA — Human Resource Management & Financial Services

2023 – 2025

SKR College of Engineering, Anna University, Chennai

B.Com — Business & Commerce

2019 – 2022

Pachaiyappa’s College, University of Madras, Chennai

CERTIFICATIONS

- Data Visualization: Empowering Business With Effective Insights — Tata Group (Jan 2025)
- Analyzing and Visualizing Data with Microsoft Power BI — Simplilearn (Jan 2024)
- PostgreSQL: SQL Developer — Simplilearn (Jan 2024)
- Python (OOP, Pandas & NumPy, Matplotlib & Seaborn) — GUVI Geek Networks, IITM Research Park (Dec 2023)
